

INTRODUCTION TO DIGITAL STORYTELLING

MEJO 121.001 & MEJO 121.002

Welcome to this introductory media technology skills class at the UNC School of Media and Journalism. Our simple goals are to introduce you to some of the tools and skills needed to engage in multimedia storytelling in online environments. We aim to demystify the technical aspects of audiovisual information packaging by engaging in basic hands-on video, graphic and web exercises. This team-taught course is ultimately intended to provide familiarity with, and insight into, some of the technological skill sets needed for the various professions in media and journalism.

Required Supplies

- 16 or 32 GB SDHC memory card. Should be Class 10 and say it can store HD video.

- You will need to create a login and password on Vimeo.com, a video-sharing platform. On project deadlines you will need to upload to vimeo and forward the url link to sakai for grading.

Textbooks are not required for this class. Refer to these online resources for more information about video editing software and design:

Course Goals

The School of Media and Journalism's accrediting body outlines a number of values you should be aware of and competencies you should be able to demonstrate by the time you graduate from our program. Learn more about them here:

<http://www2.ku.edu/~acejmc/PROGRAM/PRINCIPLES.SHTML - vals&comps>

No single course could possibly give you all of these values and competencies, but collectively, our classes are designed to build your abilities in each of these areas. In this class, we place our emphasis on the last six bullet dots under "Professional values and competencies" in the link above.

In particular, we focus on the last competency listed, regarding the application of tools and technologies.

- You will become familiar with the functions and limits of the equipment and software introduced in class.
- You will develop an understanding of how to evaluate technical quality and story flow.
- You will be able to plan and execute a short, clean, logically-flowing video product.
- You will be able to use a variety of strategies and tools to create a standards-based website.

Attendance Policy

Similar to having personal time off (PTO) at work, you are allotted two absences without need to justify or explain your reasons for the missed class. Similar to extending beyond one's allotted PTO, any additional absence past the two allotted days will result in a half-grade deduction (e.g., a B becomes a B- at three absences) for each additional day of absence. As this course is

project-based and cumulative in its delivery of technical information, it is important to attend each scheduled course day to receive new information and to practice new skills.

Late Assignments

All assignments are due by 8 a.m. on the deadline, unless otherwise specified.

Accepting late assignments is unfair to the students who have sacrificed to turn theirs in on time. An automatic 10% deduction will be applied to each assignment turned in after the class period it is due, provided the assignment is turned in on the same day it is due. An additional 10% deduction will be applied for each subsequent 24 hours that pass after the deadline. Assignments will not be accepted more than 48 hours after the deadline.

Grading

Work is graded according to the highest professional standards. Grades in percentages are:

- | | |
|----------------|--------------------|
| ● A = 93-100%, | ● C = 73-76%, |
| ● A- = 90-92%, | ● C- = 70-72%, |
| ● B+ = 87-89%, | ● D+ = 67-69%, |
| ● B = 83-86%, | ● D = 60-66%, |
| ● B- = 80-82%, | ● F = 59% or below |
| ● C+ = 77-79%, | |

Below is a guideline for how grades are described within this course:

- A, nearly perfect in execution, quality of work is exceptional
- A-, work is impressive in quality, very few problems in any area
- B+, very good performance, did more than required, might struggle in one area only
- B, solid effort, met all requirements, fair application of skill
- B-, needs a bit more polish, pretty good handle on things overall
- C+, good in one area of work, but consistent problems with another area
- C, followed instructions, seems to understand basics but did the minimum to pass
- C-, has glimpses of potential in a limited range
- D+, did not demonstrate understanding of the basics but tried
- D or F, did not demonstrate effort or understanding of basics, incomplete

Grading Criteria

Participation, in-class exercises, quizzes	10%
Video assignment 1	10%
Video assignment 2	15%
Video assignment 3	20%
Web project 1	10%
Web project 2	10%

Rubrics for each project are provided at the time each project is assigned. You can contact us with questions about any grade for up to one week after grades are released, up until the last day of class.

Honor Code

It is expected that each student in this class will conduct him/herself within the guidelines of the Honor System (<http://honor.unc.edu>). Special Needs

The University of North Carolina – Chapel Hill facilitates the implementation of reasonable accommodations, including resources and services, for students with disabilities, chronic medical conditions, a temporary disability or pregnancy complications resulting in difficulties with accessing learning opportunities.

All accommodations are coordinated through the Accessibility Resources and Service (ARS) Office. In the first instance please visit their website at <http://accessibility.unc.edu>, call the office at 919-962-8300, or email accessibility@unc.edu. A student is welcome to initiate the registration process at any time. However, the process can take time. ARS is particularly busy in the run-up to Finals and during Finals. Students submitting Self-ID forms at that time are unlikely to have accommodations set until the following semester. Please contact ARS as early in the semester as possible.
