

MEJO 572.001 Spring 2021 Art Direction in Advertising

“Good design is obvious. Great design is transparent.” – Joe Sparano

Art Direction is the marriage of art and design to strategy in the development of advertising creative ideas. Today’s advertising concepts are highly visual in nearly every medium. Art directors play a key role in pushing brands into a compelling and memorable place in the minds of consumers. In this course you will learn the principles of design, layout, typography, photography and illustration used to craft the look and feel of a brand, as well as the strategic thinking necessary to use art direction to advance advertising concepts.

Course Objectives:

This course will provide you with finished advertising creative for your portfolio through visual theory instruction, creative exercises, strategy application, design training and software tutorials for a variety of branded work. You will gain an understanding of how industry professionals approach their work and be introduced to the individuals and firms who have pioneered—and continue to reshape—this dynamic field.

Course Format:

This course will be remote throughout the semester. You will work on the semester’s project in every session and will have interaction with industry professionals throughout. You will also be “directing” throughout the entire semester. You’ll be doing this in many different ways, from the design of digital pieces, to working with remote shoots. Meeting together online keeps the work vibrant and interactive, but some will not be able to participate because of time zone changes or other remote-work issues. Please reach out to me with any issues that might affect your work this semester. We will all work together to be as flexible as possible.

Evaluating Work:

This is a creative class focused on concept development as much as technique. Unlike a graphic design course, it will require you to think beyond the technical process and look at your assignments through an advertising strategy lens. Advertising art directors are highly inventive. The top grades in this class will be awarded for work that seeks to innovate, not just illustrate, the advertising idea.
